Training Underprivileged, Job Creation

PKSF undertakes SEIP project

Staff Correspondent

PKSF's SEIP Coordinator MD. Abul Quasem hands over training materials to a participant of a six-month long IT support course on the premises of PKSF's associate organisation 'Eco Social Development Organisation' in Thakurgaon on Wednesday.

Palli Karma-Sahayak Foundation (PKSF) has initiated a project titled 'Skills For People Employment Investment Program (SEIP)' to provide training to the underprivileged people and create employment for them. The Finance Ministry will act as the executive agency of the project, which will expire in 2017. Main objective of the SEIP programme is ensuring development of need-based skills and create jobs for at least 70 percent of the trainees so that they can achieve financial stability and lead a sustainable standard life. As part of the project, 23 training organisations will implement the training activities under the supervision of PKSF. Meanwhile, 84 associate agencies of PKSF will assist the foundation to select appropriate trainees. PKSF's SEIP coordinator MD. Abul Quasem inaugurated a 6-month long IT support course on the premises of PKSF's associate organisation 'Eco Social Development Organisation' in Thakurgaon on Wednesday. At the same time, he also launched three more courses at TMSS, another associate organisation of PKSF. The training activities will be conducted fully in residential accommodations with full financial support from the PKSF related project.
